THE FIRM'S PRACTICE AND ACHIEVEMENTS

Milberg Tadler Phillips Grossman LLP (“MTPG”) helps clients challenge corporate wrongdoing through class action, mass tort, personal injury, consumer, and shareholder rights services. MTPG was established in 2018 by members of both Milberg LLP, a leading class action and complex litigation firm, and Sanders Phillips Grossman LLC, a nationally recognized plaintiffs’ law firm representing consumers in mass tort and personal injury cases. Through these firms’ strategic partnership, MTPG represents government entities and individuals who have suffered harm from securities fraud, data breaches, antitrust violations, consumer fraud, corporate misconduct, opioids, water contamination, and a wide range of commercial and pharmaceutical malfeasance.¹ The firm is headquartered in New York City.

Milberg LLP has been widely recognized as a leading class action and complex litigation firm, representing individual and institutional investors, unions, and consumers. Founded in 1965, Milberg LLP took the lead in landmark cases that set groundbreaking legal precedents and prompted changes in corporate governance benefitting shareholders and consumers. It was one of the first law firms to prosecute class actions in federal courts on behalf of investors and consumers. Milberg LLP pioneered this type of litigation and is widely recognized as a leader in defending the rights of victims of corporate and other large-scale wrongdoing. The firm’s practice has focused on the prosecution of class and complex actions in many fields, including securities, corporate fiduciary, ERISA, consumer, False Claims Act, antitrust, bankruptcy, mass tort, and human rights litigation.

In its early years, Milberg LLP built a new area of legal practice in representing shareholder interests under the then recently amended Rule 23 of the Federal Rules of Civil Procedure, which allowed securities fraud cases, among others, to proceed as class actions. In the following decades, Milberg LLP obtained decisions establishing important legal precedents in many of its areas of practice and prosecuted cases that set benchmarks in terms of case theories, organization, discovery, trial results, methods of settlement, and amounts recovered and distributed to clients and class members.

Important milestones in Milberg LLP’s early years include the firm’s involvement in the *U.S. Financial* litigation in the early 1970s, one of the earliest large class actions, which resulted in a \$50 million recovery for purchasers of the securities of a failed real estate development company; the Ninth Circuit decision in *Blackie v. Barrack* in 1975, which established the fraud-on-the-market doctrine for securities fraud actions; Milberg LLP’s co-lead counsel position in the *In re Washington Public Power Supply System Securities Litigation*, a seminal securities fraud action in the 1980s in terms of complexity and amounts recovered; the representation of the Federal Deposit Insurance Corporation in a year-long trial to recover banking losses from a major accounting firm, leading to a precedent-setting global settlement; attacking the Drexel-Milken “daisy chain” of illicit junk-bond financing arrangements with numerous cases that resulted in substantial recoveries for investors; representing life insurance policyholders defrauded by “vanishing premium” and other improper sales tactics and obtaining large recoveries from industry participants; and ground-breaking roles in the multi-front attack on deception and other improper activities in the tobacco industry.

Throughout its history, Milberg LLP has remained at the forefront in its areas of practice. Significant litigation results include: *In re Vivendi Universal, S.A. Securities Litigation* (jury verdict for plaintiff class in January 2010); *In re Tyco International, Ltd. Securities Litigation* (\$3.2 billion

settlement); *In re Nortel Networks Corp. Securities Litigation* (settlement for cash and stock valued at \$1.142 billion); *In re Merck & Co., Inc. Securities Litigation*, Nos. 05-1151 and 05-2367 (D.N.J.) (a \$1.062 billion recovery). Milberg LLP has been responsible for recoveries valued at approximately \$56 billion during the life of the firm.

Milberg LLP lawyers (now at MTPG) serve as co-lead counsel in class actions challenging the use of “natural” labeling on food products made with crops grown from seeds that have been genetically engineered using sophisticated laboratory techniques (GMOs). *In re Conagra Foods, Inc.*, No. 11-05379 (M.D. Cal.) (multi-state class certified; affirmed by Ninth Circuit; petition for writ of certiorari denied by U.S. Supreme Court); *Frito-Lay North America, Inc. “All Natural” Litigation*, No. 12-MD-02413 (E.D.N.Y.) (recently resolved by a court-approved settlement).

U.S. District Judge Lucy H. Koh appointed partner Ariana Tadler along with four other attorneys to serve on an executive committee overseeing class litigation alleging massive data breaches affecting more than a billion users, *In re Yahoo Inc. Customer Data Security Breach Litigation*, No. 5:16-MD-02752, in the U.S. District Court for the Northern District of California.

Sanders Phillips Grossman LLC provides exemplary legal representation in the practice areas of Defective Drugs, Defective Medical Devices, Consumer Fraud, Whistleblower, Class Actions, Catastrophic Injury and Toxic Exposure. As a nationally recognized leading plaintiff’s law firm for the past three decades, the firm and its predecessors have recovered more than one billion dollars for injured consumers. Sanders Phillips Grossman has offices in Seattle, WA; Los Angeles, CA; and Puerto Rico.

MTPG’s ability to pursue claims against defendants is augmented by its investigators, headed by a 27-year veteran of the Federal Bureau of Investigation. The firm’s lawyers are regularly recognized as one of the nation’s leading plaintiffs’ law firms by the National Law Journal, Legal 500, Chambers USA, and Super Lawyers, among others.

The Antitrust Practice Group

Our Antitrust Practice Group prosecutes large, complex antitrust and trade regulation class actions and other cases that target some of the most powerful and well-funded corporate interests in the world.

Significant antitrust cases include *Blessing v. Sirius XM Radio Inc.*, No. 09-cv-10035 (S.D.N.Y.) (Co-Lead Counsel; class settlement valued at \$180 million); *Sandhaus v. Bayer AG, et al.*, No. 00-cv-6193 (D. Kan.) (Co-Lead Counsel, secured largest consumer recovery from a pay-for-delay case in Kansas: \$9 million settlement); and *In re Fresh & Process Potatoes Antitrust Litig.*, No. 4:10-md-2186 (D. Idaho) (Co-Lead Counsel for Indirect Purchaser Plaintiffs, \$5.5 million settlement and agreed upon injunctive relief). The MTPG Antitrust Practice Group continues to act in a number of significant and ongoing antitrust cases including *In re Liquid Aluminum Sulfate Antitrust Litig.*, No. 16-md-2687 (D.N.J. 2015) (Plaintiffs’ Steering Committee member); *In re Processed Eggs Antitrust Litig.*, MDL No. 2002 (E.D. Pa., 2008) (Indirect Purchaser Plaintiffs’ Co-Lead Counsel); and *In re Disposable Contact Lens Antitrust Litigation*, No. 3:15-md-02626 (M.D. Fla. 2015).

Pro Bono and Community Involvement

The Firm is committed to giving back to the community. We support numerous organizations and causes consistent with our values and our commitment to equal justice for all. These have included the Innocence Project, the DSY Development School for Youth, and Public Justice.

The Firm's commitment to pro bono work is also facilitated by its support of Mobilization for Justice, which provides community-based representation to needy New Yorkers related to housing, jobs, and family issues. A number of our associates and partners have been trained by the organization's staff on the specific challenges that often confront these underserved New Yorkers and are "on-call" when help is needed.

Noteworthy Results

The quality of Milberg LLP's representation is further evidenced by the firm's numerous significant recoveries and successes, some of which are described below, by way of example.

- ***In re Merck & Co., Inc. Securities Litigation***, Nos. 05-1151 and 05-2367 (D.N.J.). Milberg LLP served as co-lead counsel in this federal securities fraud class action, and following over 12 years of hard-fought litigation, ultimately obtained a combined settlement totaling \$1.062 billion, the largest securities class action settlement ever against a pharmaceutical company, which received final approval on June 28, 2016. This lawsuit involved claims under the Securities Exchange Act of 1934 against Merck and certain of its executives arising out of allegations that defendants made materially false and misleading statements concerning the safety profile and commercial viability of Merck's purported "blockbuster" drug VIOXX. During this litigation, Milberg LLP and co-lead counsel engaged in exhaustive discovery, including the review and analysis of over 35 million pages of documents involving complex scientific and medical issues, as well as the examination of over 59 fact and expert witnesses. Plaintiffs successfully appealed the dismissal of this action on state of limitations grounds to the Third Circuit Court of Appeals, and prevailed in defendants' further appeal to the Supreme Court, resulting in a unanimous decision by the Supreme Court in Plaintiffs' favor which clarified the law regarding the application of the statute of limitations to

federal securities fraud claims. Plaintiffs' claims also survived additional motions to dismiss and motions for summary judgment, and the parties reached settlement less than three months before trial was scheduled to commence.

- ***In re Vivendi Universal, S.A. Securities Litigation***, No. 02-5571 (S.D.N.Y.). Milberg LLP lawyers served among lead trial counsel and obtained a jury verdict for a class of defrauded investors after a trial lasting nearly four months. The jury found Vivendi liable for 57 false or misleading class period statements. At the close of the trial, Judge Richard Holwell commented, "I can only say that this is by far the best tried case that I have had in my time on the bench. I don't think either side could have tried the case better than these counsel have."
- ***In re Target Corporation Customer Data Security Breach Litigation***, No. 14-md-02522-PAM (D. Minn.). Partner Ariana J. Tadler serves on the Steering Committee guiding the landmark data breach case. In addition to participating in overall case strategy, the drafting of pleadings and motions and settlement negotiation, the Milberg team was responsible for leading discovery, which included targeted discovery requests, the establishment of a series of discovery protocols, the selection

of a data-hosting provider, and discovery motion practice that involved unique topics warranting special attention. The case, which involved an estimated 110 million consumers whose personal information was compromised, settled for \$10 million, entitling individual consumers to recover losses up to \$10,000. (An appeal remains pending before the Eighth Circuit.)

- ***In re Conagra Foods, Inc., No.11-05379 (M.D. Cal.).*** The firm is co-lead counsel in a class action against ConAgra Foods, Inc., the maker of Wesson Oils, concerning the company's use of the phrase "100% Natural" to market food products made with crops grown from seeds that have been genetically engineered using sophisticated laboratory techniques. The District Court certified eleven separate statewide classes of Wesson purchasers. ConAgra appealed the class certification order to the Ninth Circuit Court of Appeals, which affirmed in a decision considered extremely favorable to consumer class actions. Conagra petitioned the U.S. Supreme Court for review of the Ninth Circuit's decision. The Supreme Court denied the petition.
- ***In re Chase Bank USA, N.A. "Check Loan" Contract Litig.,*** No. 09-2032 (N.D. Cal.). Milberg LLP served on the Executive Committee representing the class in this action against JP Morgan Chase & Co. The complaint alleged that Chase improperly increased by 150% the minimum monthly payment requirement for customers who entered into balance transfer loans with "fixed" interest rates that were guaranteed to remain so for the "life of the loan." Milberg and its co-counsel achieved a \$100 million settlement for the class.
- ***Mason v. Medline,*** No. 07-05615 (N.D. Ill.). Milberg LLP successfully represented a healthcare worker in a False Claims Act case against his former employer, Medline Industries, Inc., one of the nation's largest suppliers of medical and surgical products, along with its charitable arm, The Medline Foundation. The suit alleged that Medline engaged in a widespread illegal kickback scheme targeting hospitals and other

healthcare providers that purchase medical products paid for by federal healthcare programs. Although a party to the settlement agreement, the U.S. Department of Justice chose not to intervene in the lawsuit. Milberg LLP pursued the case on a non-intervened basis and recovered \$85 million on behalf of the federal government -- one of the largest settlements of a False Claims Act case in which the government declined to intervene. The whistleblower was awarded 27.5% of the proceeds.

- ***Blessing v. Sirius XM Radio, Inc.,*** No. 09-10035 (S.D.N.Y.). This antitrust case stemmed from the 2008 merger of Sirius Satellite Radio, Inc. and XM Satellite Holdings, Inc. that created Sirius XM, the nation's only satellite radio company. The plaintiffs alleged that the merger of the only two U.S. satellite radio providers was an illegal move to eliminate competition and monopolize the satellite radio market. Before the merger, Sirius CEO Mel Karmazin convinced regulators not to block the deal by promising that "the combined company will not raise prices" and that the merger would actually result in "lower prices and more choice for the consumer." After the merger, Sirius quickly reversed course, raised prices by 15-40%, and eliminated multiple radio stations. Milberg LLP achieved a settlement for the class valued at \$180 million.
- ***In re Initial Public Offering Securities Litigation,*** No. 21-MC-92 (S.D.N.Y.). Milberg LLP represented investors in 300+ consolidated securities actions arising from an alleged market manipulation scheme. Plaintiffs alleged, among other things, that approximately 55 defendant investment banks, in dealing with certain of their clients, conditioned certain allocations of shares in initial public offerings on the subsequent purchase of more shares in the aftermarket, thus artificially boosting the prices of the subject securities. This fraudulent scheme, plaintiffs alleged, was a major contributing factor in the now

infamous technology “bubble” of the late 1990s and early 2000s. As a member of the court-appointed Plaintiffs’ Executive Committee, and with certain partners appointed by the court as liaison counsel, including partner Ariana J. Tadler, Milberg LLP oversaw the efforts of approximately 60 plaintiffs’ firms in combating some of the most well-respected defense firms in the nation. In granting final approval to a \$586 million settlement on October 5, 2009, the court described the law firms comprising the Plaintiffs’ Executive Committee as the “cream of the crop.”

- ***In re Tyco International Ltd., Securities Litigation***, MDL 1335 (D.N.H.). Milberg LLP served as co-lead counsel in this litigation, which involved claims under the Securities Act of 1933 and the Securities Exchange Act of 1934 against Tyco and its former CEO, CFO, general counsel, and certain former directors arising out of allegations of Tyco’s \$5.8 billion overstatement of income and \$900 million in insider trading, plus hundreds of millions of dollars looted by insiders motivated to commit the fraud. Plaintiffs also asserted claims under the 1933 and 1934 Acts against PricewaterhouseCoopers LLP for allegedly publishing false audit opinions on Tyco’s financial statements during the class period and failing to audit Tyco properly, despite knowledge of the fraud. On December 19, 2007, the court approved a \$3.2 billion settlement of the plaintiffs’ claims and praised the work of co-lead counsel and Judge Barbadoro lauded Milberg LLP’s efforts as co-lead counsel:

This was an extraordinarily complex and hard-fought case. Co-Lead Counsel put massive resources and effort into the case for five long years, accumulating [millions of dollars in expenses] and expending [hundreds of thousands of hours] on a wholly contingent basis. But for Co-Lead Counsel’s enormous expenditure of time, money, and

effort, they would not have been able to negotiate an end result so favorable for the class. . . . Lead Counsel’s continued, dogged effort over the past five years is a major reason for the magnitude of the recovery. . . .

535 F. Supp. 2d 249, 270 (D.N.H. 2007),

- ***In re Biovail Corp. Securities Litigation***, No. 03-8917 (S.D.N.Y.). Milberg LLP, representing Local 282 Welfare Trust Fund and serving as co-lead counsel, litigated this complex securities class action brought on behalf of a class of defrauded investors, alleging that defendants made a series of materially false and misleading statements concerning Canadian company Biovail’s publicly reported financial results and the company’s then new hypertension/blood pressure drug, Cardizem LA. This was a highly complex case in which counsel took numerous depositions across the U.S. and Canada and obtained documents from defendants and several third-parties, including, among others, UBS, McKinsey & Co., and Merrill Lynch. Milberg LLP obtained a \$138 million settlement for the class, and Biovail agreed to institute significant corporate governance changes.
- ***In re Nortel Networks Corp. Securities Litigation***, No. 01-1855 (S.D.N.Y.). In this federal securities fraud class action, Milberg LLP served as lead counsel for the class and the court-appointed lead plaintiff, the Trustees of the Ontario Public Service Employees’ Union Pension Plan Trust Fund. In certifying the class, the court specifically rejected the defendants’ argument that those who traded in Nortel securities on the Toronto Stock Exchange (and not the New York Stock Exchange) should be excluded from the class. The Second Circuit denied the defendants’ attempted appeal. On January 29, 2007, the court approved a settlement valued at \$1.142 billion. .

- In *In re CMS Energy Corp. Securities Litigation*, No. 02-72004 (E.D. Mich.), a federal securities fraud case arising out of alleged round-trip trading practices by CMS Energy Corporation, Judge Steeh approved a cash settlement of more than \$200 million. Milberg LLP served as co-lead counsel in this litigation.
- In *re Deutsche Telekom AG Securities Litigation*, No. 00-9475 (S.D.N.Y.). Milberg LLP served as co-lead counsel in this securities class action alleging that Deutsche Telekom issued a false and misleading registration statement, which improperly failed to disclose its plans to acquire VoiceStream Wireless Corporation and materially overstated the value of the company's real estate assets. In June 2005, Judge Buchwald approved a \$120 million cash settlement.
- In *re Converse Technology, Inc. Derivative Litigation*, No. 601272/2006 (N.Y. Sup. Ct. N.Y. Cnty.). On December 28, 2009, Milberg LLP announced a \$62 million settlement for the derivative plaintiffs, which was approved by the Court on June 23, 2010. The settlement also resulted in significant corporate governance reforms, including the replacement of the offending directors and officers with new independent directors and officers; the amendment of the company's bylaws to permit certain long-term substantial shareholders to propose, in the Company's own proxy materials, nominees for election as directors (proxy access); and the requirement that all equity grants be approved by both the Compensation Committee and a majority of the non-employee members of the Board.
- In *re Topps Co., Inc. Shareholder Litig.*, No. 600715/2007 (N.Y. Sup. Ct. N.Y. Cnty. Apr. 17, 2007). Milberg LLP served as co-lead counsel in this transactional case, which led to a 2007 decision vindicating the rights of shareholders under the rules of comity and the doctrine of *forum non conveniens* to pursue claims in the most relevant forum, notwithstanding the fact that jurisdiction might also exist in the state of

incorporation. This case was settled in late 2007 in exchange for a number of valuable disclosures for the class.

Precedent-Setting Decisions

Milberg LLP has consistently been recognized as a leader in developing the federal securities, antitrust, and consumer protection laws for the benefit of investors and consumers. The firm has represented individual and institutional plaintiffs in hundreds of class action litigations in federal and state courts throughout the country, frequently serving as lead or co-lead counsel. The firm has also been responsible for establishing many important precedents, including the following:

- ***Platinum Partners v. Chicago Board Options Exchange, Inc.***, No. 1-11-2903 (Ill. App. Ct. 2012). Milberg LLP represented an investment management group in a case against the Chicago Board Options Exchange, Inc. (“CBOE”) and Options Clearing Corp. (“OCC”). The plaintiff investment management group alleged that it was injured when the CBOE and OCC privately disclosed strike price information to certain insiders prior to the information being made public. In the interim between the private disclosure and the public announcements, the plaintiff purchased tens of thousands of affected options. The lower court dismissed the complaint on the grounds that the CBOE and OCC, as self-regulatory organizations, were immune from suit. However, the Appellate Court reversed, holding that a private disclosure to insiders served no regulatory purpose and should not be protected from suit. The Illinois Supreme Court declined the defendants’ petition for leave to appeal.
- ***In re Lord Abbett Mutual Funds Fee Litigation***, 553 F.3d 248 (3d Cir. 2009). This important decision set significant precedent regarding the scope of preemption under the Securities Litigation Uniform Standards Act of 1998 (“SLUSA”). In reversing the District Court’s dismissal of the plaintiffs’ claims, the Third Circuit held that “SLUSA does not mandate dismissal of an action in its entirety where the action includes only some pre-empted claims.” In so holding, the court explained that “nothing in the language, legislative history, or relevant case law mandates the dismissal of an entire action that includes both claims that do not offend SLUSA’s prohibition on state law securities class actions and claims that do”
- In ***Tellabs, Inc. v. Makor Issues & Rights, Ltd.***, 551 U.S. 308 (2007), in which Milberg LLP was lead counsel for the class, the United States Supreme Court announced a uniform standard for evaluating the sufficiency of a complaint under the PSLRA. The court held that on a motion to dismiss, a court “must consider the complaint in its entirety,” accepting “all factual allegations in the complaint as true,” as well as “tak[ing] into account plausible opposing inferences.” On remand, the Seventh Circuit concluded that “the plaintiffs have succeeded, with regard to the statements identified in our previous opinion as having been adequately alleged to be false and material, in pleading scienter in conformity with the requirements of the PSLRA. We therefore adhere to our decision to reverse the judgment of the district court dismissing the suit.” The unanimous decision was written by Judge Richard A. Posner.
- ***South Ferry LP #2 v. Killinger***, 542 F.3d 776 (9th Cir. 2008). The important opinion issued by the Ninth Circuit in this securities fraud class action clarified, in the post-*Tellabs* environment, whether a theory of scienter based on the “core operations” inference satisfies the PSLRA’s heightened pleading standard. In siding with the plaintiffs, represented by Milberg LLP, the Ninth Circuit held that “[a]llegations that rely on the core operations inference are among the allegations that may be considered in the complete PSLRA analysis.” The court explained that under the “holistic” approach required by *Tellabs*, all allegations must be “read as a whole” in considering whether plaintiffs adequately plead scienter. After remand, the District Court found that the

plaintiffs sufficiently alleged scienter under the Ninth Circuit's analysis.

- In *Tellabs, Inc. v. Makor Issues & Rights, Ltd.*, 551 U.S. 308 (2007), in which Milberg LLP was lead counsel for the class, the United States Supreme Court announced a uniform standard for evaluating the sufficiency of a complaint under the PSLRA. The court held that on a motion to dismiss, a court "must consider the complaint in its entirety," accepting "all factual allegations in the complaint as true," as well as "tak[ing]

into account plausible opposing inferences." On remand, the Seventh Circuit concluded that "the plaintiffs have succeeded, with regard to the statements identified in our previous opinion as having been adequately alleged to be false and material, in pleading scienter in conformity with the requirements of the PSLRA. We therefore adhere to our decision to reverse the judgment of the district court dismissing the suit." The unanimous decision was written by Judge Richard A. Posner.

MANAGING PARTNERS

MARC D. GROSSMAN graduated from The University of Michigan in 1989. After completing Brooklyn Law School and Baruch Business School's J.D./M.B.A. program while interning at the Law Department of the United Nations, Mr. Grossman became an associate and later a partner in the law firm of Mergel, Tubman & Grossman in New York City. In addition to his role as a Managing Partner at Milberg, Mr. Grossman is a Founding Partner of Sanders and Grossman P.C. and Baker Sanders Barshay Grossman Fass Muhlstock & Neuwirth, LLC, and a Senior Partner at Sanders, Sanders, Block, Woycik, Viener & Grossman, P.C. and Sanders Viener Grossman LLP.

Since beginning his law career in 1993, Mr. Grossman has focused primarily on representing large groups of plaintiffs against common defendants. In 1999, after six years of practicing plaintiff's personal injury law in state and federal courts in New York and New Jersey, Mr. Grossman founded the law firm of Sanders and Grossman, P.C. specifically to pursue claims on behalf of medical providers. This firm, and its successors, grew dramatically under his leadership, and now represent thousands of medical providers litigating claims against insurance companies, and thousands of injury victims.

Mr. Grossman had a vision of uniting the medical profession by affording them the opportunity to litigate nominal claims that were being written off by medical providers as uncollectible and had not previously been practical for most attorneys to litigate. By coordinating discovery, utilizing the most up-to-date case management technology, and recruiting top office administrators and trial attorneys, Mr. Grossman's firm was able to greatly

improve efficiencies throughout the litigation process and ultimately the viability of collecting these claims. By filing over 100,000 individual lawsuits, Mr. Grossman's firms garnered the attention of the insurance industry and the medical profession in New York eventually leading to a series of mass settlements on behalf of his clients and recoveries in the hundreds of millions of dollars. In just 2006 and 2007, Mr. Grossman's firm personally litigated, negotiated, and recovered over 100 million dollars for his medical provider clients. The unique experience Mr. Grossman garnered as an innovator and leader in the mass settlement of medical claims and mass torts made him a leader in his field in negotiating and obtaining large recoveries.

Most recently, Mr. Grossman has represented hundreds of injured clients in lead paint litigations, asbestos litigations, mold litigations, and thousands of victims of defective drugs and products. Mr. Grossman received recognition litigating Vioxx cases in New Jersey Superior Court where he served as a liaison to the media as a member of the Vioxx Plaintiffs' Steering Committee's ("PSC's") Public Relations Committee, and as a liaison for the Committee to many financial institutions and governmental agencies, offering a common voice for the hundreds of attorneys handling such cases and the tens of thousands of victims they represent. These efforts and the hard work of many other relentless attorneys ultimately led Merck to agree to one of the largest Civil Settlements in American History for \$4.85 Billion.

In December 2010, Mr. Grossman was nominated and invited to join both The Board of Directors of the New York State Trial Lawyers

Association and the Executive Committee of Association of Trial Lawyers of America. Mr. Grossman is also a member of the Mass Tort Trial Lawyers Association and the Leaders Forum of the American Association of Justice.

One of Mr. Grossman's firms is also a court-appointed member of the PSC in the following mass tort litigations: *In Re Avandia*, *In Re Chantix*, *In Re Zicam*, *In Re Zimmer Knee*, *In Re Fosamax*, and the New Jersey state court coordination of *Levaquin*. One of Mr. Grossman's firms is co-lead in the NY Chantix Coordination and the New Jersey Reglan Coordination, as well as Risperdal in California, all Transvaginal Mesh PSC, and Propecia coordination.

After an \$8 million verdict in *Boles v. Merck* for a victim of Fosamax, Mr. Grossman, along with co-counsel, led the Trial Team in *Rosenberg v. Merck* which was the first bellwether New Jersey Trial in Atlantic County Superior Court.

Mr. Grossman has become well known as a speaker and host of approximately 20 educational seminars designed to educate victims, the medical community, and other attorneys. Mr. Grossman has been quoted and has appeared in numerous local and national forums and in the media as a legal commentator and advocate of victims rights against the corporate greed that plagues our nation.

In January 2016, Mr. Grossman received the 2015 Litigator Award a significant distinction,

Pa.), Mr. Bronson was one of the attorneys representing the Xerox (GB) Pension Scheme (which reportedly oversees approximately \$2.5 billion in employee retirement funds for the British affiliate of Xerox Corp.) in a securities fraud class action lawsuit alleging that a major credit card company inflated its profits with illegal charges to consumers.
